

placeBombs

```
graph LR; A[placeBombs] --> B[count_bombs_around]
```

A diagram showing a call from the function `placeBombs` to the function `count_bombs_around`. The `placeBombs` box is shaded gray, and the `count_bombs_around` box is white. A blue arrow points from the right side of the `placeBombs` box to the left side of the `count_bombs_around` box.

count_bombs_around
